

BRAINSTORMING

Make direct connections between Students and Universities to avoid intermediaries

Connecting with Alumni or Students who are currently enrolled in the college

Provide references from trustworthy third-party websites for a university

Admission criteria for Person with Disorders (PWD)

Prevent applicants from creating multiple user profiles to avoid data duplication and inconsistencies

Verify genuineness of the applicant to avoid any false applications.

Apart from eligibility criteria make a comparison between multiple universities in the applicants' preference list based on the entire fees for a particular stream/course. This will help the applicants to save a lot of money in the admission process.

Government should provide a portal with all university eligibility requirements listed and organized so that students can use them.

Always look for university information and compare it to better understand how to choose a university.

Students who applied to a university but were turned down should be informed, and if the university seat is not filled, they should be given the opportunity.

The top college is determined by many factors than just an institution's rating. It could not be a favorable environment for you, therefore researching the institution would be good.

Proper guidance should be provided to the students according to their marks and other details.

Colleges where we can explore our skills

Reputation vs Performance analysis in choosing a stream

Consistent data collection
